MicroPro

Treated Wood Process  
SCIENTIFIC CERTIFICATION SYSTEMS  
SCS-EPP-01614 | SCS-EPP-01699

The MicroPro Treated Wood Process is certified under SCS's Environmentally Preferable Product (EPP) program based on Life-Cycle Assessment.

Environmentally Preferable Product

Visit [www.GreenApprovedProducts.com](http://www.GreenApprovedProducts.com) for details.

NAHB Approved

GREENGUARD® Certified

Approved for Aluminum Contact

Better Corrosion Protection

## Top Reasons Why

### Builders, Contractors, & Homeowners Use MicroPro® Pressure Treated Wood Products

- First Wood Treatment Process to Complete Life-Cycle Assessment Studies - The Osmose® MicroPro wood treatment process systems were analyzed by Scientific Certification Systems under an exhaustive environmental review process called Life-Cycle Assessment (LCA), in accordance with rigorous international standards set by ISO, the leading international standards setting organization. The MicroPro LCA studies are in compliance with ISO standards 14044 and 14025.
- NAHB Research Center, Green Approved - The Osmose MicroPro technology has been approved for points toward National Green Building Certification to the ICC 700-2008 National Green Building Standard.
- GREENGUARD® Certified - The Osmose MicroPro technology has been awarded the GREENGUARD® Children & Schools Certification. GREENGUARD® Children & Schools<sup>SM</sup> Certification program certifies products for low volatile organic chemical (VOC) emissions that are used in schools, offices and other sensitive environments.
- Lighter, more natural wood appearance.
- Improved painting and staining qualities.
- Better corrosion resistance for code-approved fasteners and hardware.
- Carbon steel fasteners may be used for interior, above ground, weather-protected applications such as sill plates, interior framing and interior trusses.
- Approved for aluminum contact.\*
- End uses include interior and exterior above ground, ground contact, and fresh water immersion.
- MicroShades®, innovative micronized pigment color choices - pressure treated wood colors similar to redwood & cedar.
- Treated wood warranty programs (See warranty for details\*\*).
- Building code compliant. ICC-ES Reports, ESR-1980 and ESR-2240.
